MATERIAL

fabric, foam and wood

PROCESS

Each piece is created from foam-based sit, covered in either leather; Cord 2.0 (by nya nordiska), Rubino 2.0 (by nya nordiska) or Yaku (by nya nordiska).The frame is constructed in natural or black-stained oak, weaves with natural or black jute.

Cord 2.0 is a typical ribbed texture fabric; soft, flexible and crease-free with a retro charm.

Rubino 2.0 is a soft, velvety and durable fabric.

Yaku is a heavy, very densely woven upholstery fabric made of pure linen, with a pleasantly dry, grainy feel and solid quality.
