I pouf Rebels sono realizzati con un filo di neoprene flessibile e morbido al tatto, intrecciato a mano secondo tecniche artigianali. La lavorazione manuale e l'uso di un materiale industriale conferiscono a ciascun pezzo un carattere forte e un'assoluta unicità.

The Rebels poufs are made of neoprene's wire of various thicknesses, flexible, soft that are hand-woven according to artisan techniques. The manufacturing and the use of an industrial material give each object a strong identity and an absolute distinctiveness.
