

**MATERIAL OPTIONS****101 ELYSIA LOUNGE CHAIR**

The perfect synthesis of superior woodworking and fine tailoring is revealed in Elysia. The lounge chair has a solid wood leg construction that cradles the padded shell of the seat and the backrest. The "skeleton", traditionally hidden inside the upholstery, is deliberately exposed to showcase the craftsmanship and premium timber. The exceptional comfort Elysia offers is visually communicated through the padding enveloping the shell, and the generous folds of fabric on the cushion. Designed by Luca Nichetto and manufactured by De La Espada for the Nichetto brand.
