**Ivory / Walnut Stained Beech / Camira MLF02**

## Specifications

Width: 560 mm

Depth: 440 mm

Height: 420 mm

## Information

Year: 2016

## Description

Lightness and comfort are qualities that don't always go together, but they are elegantly combined in Spark, a lounge with foot stool that's just as pleasing by the fireplace at home as in a public lounge area. The minimal steel construction is softened by leather arm rests, upholstery clad in canvas and wooden runners, making an exquisitely slender, contemporary chair with an unmistakeable resemblance to the Swedish "spark", a traditional kicksled.
