

BOWL WALL EDITION

The Bowl Wall Edition is an interpretation of the successful Bowl Table that reconciles old Indian craftsmanship with the simplicity of Scandinavian design. The Bowl Wall Edition is ideal in narrow hallways or as a bedside table and can be mounted on the wall with or without use of the steel leg.

The top, made of sustainably sourced mango wood is turned on a lathe, showcasing the skill of Kharadi, an Indian wood turning community and supporting their local craftsmanship.

Indian mango wood is sustainably and responsively sourced timber - once the productive life of the tree is over another one is planted to replace it. The finish on the wood is a lead free water based clear PU lacquer that respects the local environment.

CARE AND MAINTENANCE

In case of any spill clean immediately with a damp cloth. Wipe dry with a dry, soft cloth in the direction of the wood grain. Should not be treated with soap or other cleaning agents as it could cause damaging of the lacquered wood, unless recommended by professional.

We always recommend to use coasters under hot objects, such as coffee pots and cups. Protect the product from direct sunlight, excessive heat and sharp objects.
