Poof

by Moooi Works

The Poof is your perfect companion at home. Timeless, versatile, solid and soft. At first sight, the sturdiness of the firmly grounded Poof would not let you imagine how flexible it really is. Its versatility comes with the aesthetics and tactility of the different removable fabrics, leathers, and covers you can choose for its upholstery. Also, the easy-going design and height and two available sizes make the Poof the perfect buddy for almost every sofa in the Moooi collection.
