

FLORENCE DINING TABLE

The Florence Table series expands, quite literally. Now available in a Ø145cm version, it has even more room to focus on the contents of living. With the addition of wood veneer and marble table top options - as well as glass, Florence's sleek frame still provides that same visual lightness and beautiful simplicity of the original.

About the Designer Knut Bendik Humlevik & Josefine Hedemann

After years of experience as a product designer, Knut Bendik Humlevik became New Works creative director in 2014. Leading the story of New Works in collaboration with a number of internationally renowned designers, Knut also contributes his own pieces to the collection. His Scandinavian heritage is combined with an internationally inspired passion for honest materials, in a quest to create artistic and highly functional objects.

Inspired by interesting silhouettes and shapes, Josefine Hedemann experiments with unpolished, beautiful materials and colours to create products. Working alongside styling and installation projects, Josefine uses these same principles to create works with strong narratives, poetic and elegant stories that invite the user into her universe.
