

## HANG ON HONEY PENDANT

Hang On Honey Pendant presents an industrial form with an adaptable shell. This reference to industrial pendants of the past is further emphasized by the roughness of raw copper and oxidized aluminium, or simply changed to a striking Jet Black finish. A clever design detail that allows the pendant to adapt and change with its owner.

### About the designer Niels Bak Rasmussen

Striving for original design solutions, the work of Niels Bak Rasmussen pushes the boundaries of design and form with a strong reference to his architectural background. His lights and lamps aim not just to illuminate a subject or space, but also to ignite a spark within.
