

## LANTERN PENDANT

The Lantern Pendant is an elegant combination of iconic form and material exploration. Inspired by the traditional Chinese rice paper lamp, the frosted glass replicates a soft illumination, whilst creating a bold and lasting form. The result is a range of pendants suitable for small intimate spaces, all the way up to large open environments.

### About the designer Anderssen & Voll

Established in 2009, Anderssen & Voll create desirable and ground-breaking objects for the home environment.
