

MIMESIS

mirror

Design by ALL THE WAY TO PARIS

We look for the right angle, take a perspective, engage in reflection. It's the door to another world. MIMESIS is an ancient Greek term that touches on the aesthetics of imitation and mimicry, and the tension between appearance and reality. MIMESIS is also said to be the "soul" of an artwork. With its strong, clear lines the MIMESIS mirror frames an asymmetrical image of its surroundings, and become a reflected decoration on your wall.
