

Yin & Yang Armchair

The Yin & Yang Armchair is a wrap-around armchair with solid walnut frame; completely turned, assembled and sanded by hand. The curved elements compose the structure following a line of continuity between the base and the seat, obtained from a round and concave plywood covered in suede with visible stitching.

Designed by Steve Leung.

Measurements: 105 cm H x 120 cm W x 99 cm D
41.25" H x 47.25" W x 39" D
