

## Baude Matthew Hilton

An evolution of the iconic Balzac, the Baude takes the original form forward with a few subtle changes. By slightly lengthening the profile and lowering the sitting position, Matthew Hilton has created a range of seating that is ideal for domestic or commercial use. The solid beech frame is upholstered with multi-density foam and is mounted on stainless steel glide legs. Available as an armchair, a two seat sofa and a three seat sofa.

Made in the UK.
