Dimensions Trees stairs:
39 x 64 x 57 cm WxDxH / step 26 x 19 cm

Material:
The Tom series can be delivered in natural solid oak or stained in several colours and is always finished with a matt lacquer.

The Tom dining chair forms the basis of a large family of furniture. All items within this series have the same distinctive look and are made of solid oak.
This emphasizes the strong character.

The Tom chair is comfortable because of the bent seat and back. Chair Tim is a children's version of the dining chair and has a straight seat and back. Also available in this series are the dining table Lino and bench Loet, both in several sizes, stool Niels and (library) stairs Trees.
