HOOF TABLE SW1

BY SAMUEL WILKINSON
2012

The main inspiration for Samuel Wilkinson's Hoof table derives from the feet which are sharpened at the ends producing a striking yet functional detail. The word 'hoof' originates from the protective part of the feet of ungulate animals. In contrast to most tables, the leg ends of Hoof are left in natural wood to avoid the paint from chipping off from being either kicked or knocked when cleaning.

The foot detail is created by reversing the usual manufacturing process. Most furniture that have a painted section and a natural part are initially assembled, then masked off, and painted. Hoof stands out by being painted first and then trimmed back to reveal the natural grain. The table has emerged from continuous exploration and development of production techniques to create a fresh aesthetic. Another detail that stands out when you experience the table is the soft rolled edge. The fine edge is created from the soft chamfer being on the top and bottom. This also gives the tables a tactile feel and clearly shows that the tables are made from solid wood.

& much of Wilkinson's design carry references to nature and the beautiful, unimaginable creations found in the scenery.

Ø: 50cm / 19.7in

H: 50cm / 19.7in

Product type	Lounge table.
Production Process	The Hoof table is made from solid oak. The leg ends of the laquered tables are left in natural wood by cutting them after laquering to reveal the natural grain of the wood.
Environment	Indoor.
Dimensions (cm / in)	Ø: 50cm/19.7in x H: 50cm/19.7in.
Weight (kg)	4.7 kg.
Materials	Solid oak with a brushed surface.
Colours	Solid smoked oiled oak. Solid white oiled oak. Solid black stained oak (RAL 9005). Solid grey stained oak (RAL7004).
Cleaning Instructions	Please download our Material Cleaning Instructions through www.andtradition.com
Package Dimensions (cm / in)	H: 6.0cm/2.4in x W: 54.0cm/21.3in x D: 66.0cm/26in.
