

Collection of tables for the domestic and commercial market.

The wide range of options, both in height and finishes, make the ASPA a highly versatile table and a best seller in our collection.

With its patented, three-blade foot, unique in its kind, and its double, two-tone top, the Aspa is characterised by its exquisite details.

Various options are available to customize the tabletops (melanin, etc).

TECHNICAL INFO

The Aspa table top is made out of two MDF boards glued together. The underside matches the colour of the base (black or white) and the top is made of lacquered or oak veneered MDF, with one of the finishes from our collection.

The table is available in three heights depending on the size of the top.

Tops are available in three different diameters. A square model is also available.

The structure is made of steel laquered in thermoset epoxy in black or white
